

## 【Urgent】 Garbage Disposal that Requires Extra Attention

R7. 1. 21更新

We are afraid that we are still causing you a great deal of trouble and inconvenience from the fire occurred at Asahi-Kankyo Center. For the time being, we ask you to temporary change disposal method for certain items you were allowed to dispose as “Ordinary Garbage” in Kawaguchi city. As for “Lighter” and “Broken articles (crockery, glass, etc.)”, we need your cooperation in changing the disposal method to accommodate to the rules ordered by garbage incineration cooperating municipalities. It must be emphasized that we need you to follow the proper rule of Lithium-ion Battery disposal to prevent the outbreak of fire.

### Lighter

Be taken out on Hazardous Garbage collection day

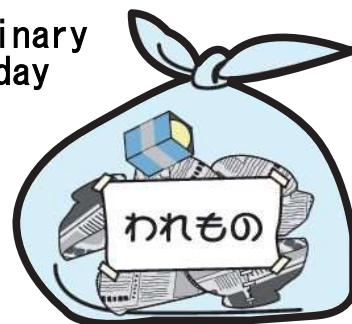

Empty the inside

### Broken article (crockery, glass, etc.)

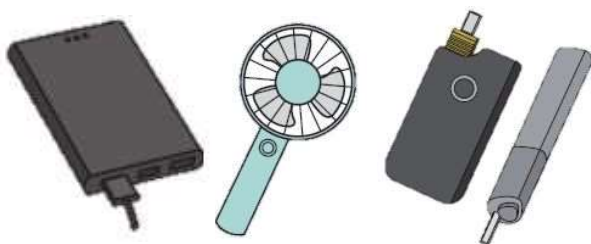

Be taken out on Ordinary Garbage collection day

Wrap the article in scrap papers

### Lithium-ion battery, Battery-powered small sized home appliances

Be taken out on Metal Garbage collection day

Cover the terminals with tape, etc
